"When I say a square deal, I mean a square deal; exactly as much a square deal for the rich man as for the poor man; but no more. Let each stand on his merits, receive what is due him, and be judged according to his deserts. To more he is not entitled, and less he shall not have."—President Roosevelt.

WHAT a dark brown thirst the bums will have next Wednesday, and for many days thereafter.

ONE Chicago boy will not monkey with a "didn't know it was loaded" gun next Hallowe'n. But there may be others.

WIDOW. Wealthy. Aged 80. Huge bunch of cash and \$15,000 worth of jewels in her stocking. Disappeared. New York. And that's not strange, for there's scarcely a day in which some mysterious and horrible murder doesn't turn up in that wicked and dangerous city.

## American Gentleman.

And AMERICAN LADY SHOES are now worn from ocean to ocean. Every pair is guaranteed to give satisfaction. They are made by the big Hamilton-Brown Shoe Company of St. Louis, who advertise them as the best for the price in the world, and we are selling many pairs.

### Our Boys' and Girls' Shoes for School.

And hard wear are the best money will buy, and you will certainly make no mistake in bringing the youngsters here to be well shod. High-cuts for big and little men are all in, and we are sure we can please everybody as to quality and price.

**W. R. SMITH & CO.** Wool Boots and Rubbers for Men, Women, Children.

If it is capable of telling the truth, it will take six months after the election for The Cincinnati Post to deny what it said three months before the election.

THERE appears to be a regular epidemic of Bank robberies in the rural towns of Indiana. Between the big Life Insurance Presidents and the Journeyman Thieves, the fellow who has \$2 and a-quarter is in hard lines.

It is stated by City Building Inspector TILFORD that New York architects have been in Louisville recently with a view to erecting a twenty-four story office building. Thus Louisville people will endeavor to get out of reach of the footpads who operate on the main streets at high noon.

COUNT WITTE, who engineered Russia's end of the Peace Treaty at Portsmouth, is not such a bad fellow after all. Now that the Czar has retired his three-hundred-year old title of "Autocrat of all the Russias," and made him Minister-President and practically ruler of the Empire, M. WITTE says he intends to unlock the prisons of Siberia and release all political prisoners whose liberation will not be a menace to public order. There are thousands of these unfortunates, and release will come to them as a welcome surprise.

## A GOOD NIGHT'S REST

"Speak for it!" she cried to doggie, "For she knew in her little heart, That German Syrup, home's great treasure, Could health and joy impart."

THE greatest tonic on earth is a good night's rest. Restless nights and the terrible exhaustion of a hacking cough are dread dangers of the poor consumptive. But why this fear of the night when a few doses of Dr. Roschke's German Syrup will insure refreshing sleep, entirely free from cough or night sweat? Free expectation in the morning is made certain by taking German Syrup.

We know by the experience of over thirty-five years that one 75-cent bottle of German Syrup will speedily relieve or cure the worst coughs, colds, bronchial or lung troubles—and that, even in bad cases of consumption, one large bottle of German Syrup will work wonders.

Two sizes, 25c and 75c. All druggists.

For sale by J. A. S. WOOD & SON.

## MISTAKES . . .

Are frequently far reaching, and universally so when one buys any article other than the very best in the way of supplies for the table. The country is full of stale, inferior and poisonous stuff, which is every day being palmed off on an unsuspecting public for good and wholesome foods. Because of this the straightforward, honorable and conscientious dealers throughout the country are united in an effort to induce Congress to pass a universal pure food law, which will prohibit the manufacture and sale of impure and poisonous foods, such as are now being sold by unscrupulous dealers, and consequently drive out of business all the "cheap job" concerns that deal only in such stuff.

I began business in Maysville over twenty-five years ago determined to only handle the best, not honorably with my customers and never misrepresent anything to make a sale. Whatever of success I have had with you I attribute to at all times standing by that determination.

My experience of more than forty years in the business has qualified me to know the good from the bad when making my purchases, and has also satisfied me the true road to success is to deal fairly and honorably with the public, sell the best goods at fair prices and never practice deception to make a sale.

I am now getting in my larger purchases for the fall and winter trade and I do not hesitate to say that when all in and opened up I shall have the largest, cleanest, most varied stock of high grade goods ever offered in our city. My stock of Canned Goods and Fancy Groceries of all kinds will be immense, bought at the lowest prices any jobber can buy them, very much lower than such goods can be bought at today, consequently I shall be prepared to meet any and all competition. My special brands of Red Canvas Hams and Breakfast Bacon and fine Leaf Lard are becoming more popular each day with those who only want the very best.

Perfection Flour is the leading flour and the sales are increasing rapidly because it has been proved to be the best and purest sold in this market; always reliable. I don't have to be continually changing to find something better. It is truly what the word implies—Perfection.

In fine Blended Coffee I have the run, because I sell only the best at reasonable prices, always fresh, still going at 15c, 20c and 25c. I want every person to visit my store, and a special invitation is extended to country people when in our city to make my house their headquarters. You are always welcome, and it will be the old-fashioned Kentucky kind. I pay cash for Butter, Eggs, Poultry and Country Produce such as I need in my trade, but will only buy the very best. If I please you I want you to be sure and tell all your neighbors and friends. If anything wrong, come direct to me and don't mention it to any one else; I make every thing right.

The United States Government Snagboat E. A. Woodruff has returned to Cincinnati from a long cruise down the river. The boat has been as far down as Cairo, Ill., which is the limit of the territory of the craft.

The officials of the various packet lines report an increase of business, due principally to the shortage of cars on the railroads. Considerable shipments from Pittsburgh of finished steel products are being manifested by the water route.

The Sprague left Louisville Wednesday for the South. The amount of coal towed by the Sprague is surprising when it is remembered that each of the sixty-five coalboats carry between 20,000 and 25,000 bushels, or an estimated total of 1,400,000 bushels. An ordinary coal train hauls twenty-five cars and each car carries 750 bushels, thus it may be noted that the amount of coal towed to New Orleans in one trip by the Sprague would make eighty trainloads of twenty-five cars each.

**Deafness Cannot be Cured** by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube is inflamed, you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of deafness caused by catarrh that cannot be cured by Hall's Catarrh Cure. Send for circulars free.

It is stated on the authority of officers in the Confederate Army that a balky mule decided the battle of Gettysburg. The Southern and Northern troops were both attempting to reach an eminence, the position of which practically decided the battle, and the Southern column was blocked by a balky mule just long enough to enable the Northern troops to gain the eminence.

Kansas harvesters have harvested the most valuable corn crop ever grown in that state. The lowest estimate of the yield is 250,000,000 bushels, while some experts predict that it will go 25,000,000 bushels above that figure.

The police of Austria are looking for a man whom they consider the champion thief. First he carried off all the basalt blocks from a side street in Budapest.
